NOTICE TO THE TRADE

WE have recently registered the word "Hydrolette" to denote our brand of Effervescent Tablets, which represent the mineral constituents of the Kissingen and Vichy Waters used in the treatment of Overfatness. (See page 15.)

PRIVATE FORMULÆ AND SPECIAL PREPARATIONS

We are prepared to make up all practicable formulæ in the granular effervescent or in the effervescent powder form, in quantities of not less than 1 lb. each, and shall be pleased to submit quotations.

RETURNED GOODS

We cannot accept for credit or exchange goods returned to us after 12 months from date of purchase.

SUGARLESS PREPARATIONS

We would call your attention to the large number of our granular effervescent preparations and salines which contain no sugar.

This fact should be borne in mind in the comparison of prices. The absence of sugar is a matter of great importance in medicines specially recommended as uric acid solvents, and also in those prescribed for diabetic patients.

All Bishop's granular effervescent preparations bear on the label a large impression of our Trade Mark in red, and have also an imitation seal affixed to the wrapper.

TERMS

Remittance with first order or satisfactory London trade reference.

Cheques crossed "Westminster Bank, Lothbury."

TERMS FOR NON-PROTECTED PREPARATIONS.

Under £1	..	..	..	..	Nett
£1 and under £5	..	..	5%	Discount

The above illustration is an exact reproduction of the wrapper of our new BISHOP'S NATURAL FRUIT SALINE package. We have recently enlarged our 2/3 size from 7½ ozs. to 9 ozs., and for quality, quantity and price it will be found that the Saline compares very favourably with any other on the market. The Saline is sugarless, is manufactured in small granules, has a pleasant taste and keeps well under any climatic conditions.

SALINES

IN
POWDER

OR FINE
GRANULES

We manufacture two Salines (one in powder and the other in a finely granulated form) which we think will compare favourably with any Preparations now on the market, both for quality and price. The very greatest care is taken in the manufacture to ensure their keeping well. That they have given complete satisfaction to our customers is proved by our largely increasing sale, and this in the face of many low-priced Salines on the market.

In addition to the usual Saline bottle, we have had one made specially for us, differing from the ordinary shape to the extent of having one side oval. The effect of this is to show up the label and to make it more aggressive. We have two sizes, viz., 6 and 8 oz. Customers desiring this shape will please order it under the title of OVAL.

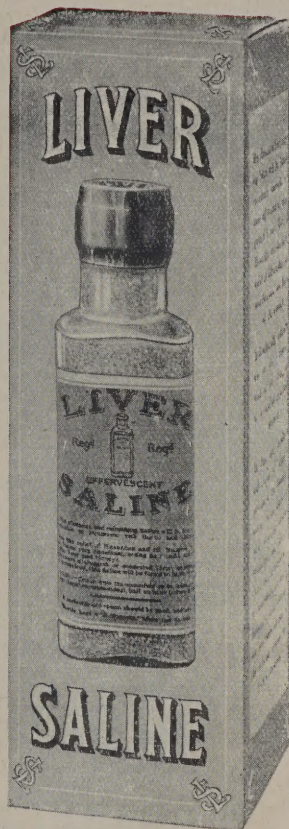

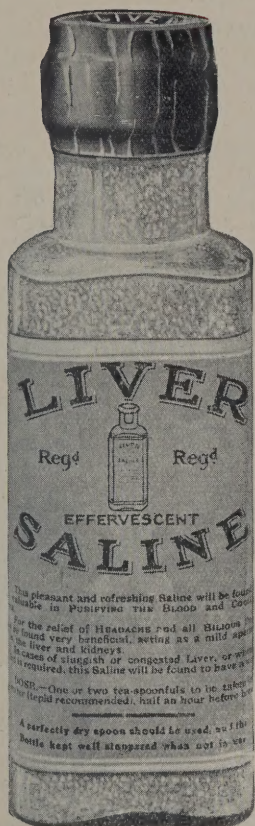

SALINE. Powder or Granular, in 4½ lb. or 7-lb., at 2¼ per lb. nett.

Bottles extra.

In 4-oz. Bottles	..	..	..	..	..	..	per doz.	9/6 nett.
In 6-oz. "	..	..	..	..	..	..	"	12/6 "
In 8-oz. "	..	..	..	..	..	..	"	14/3 "
In 12-oz. "	..	..	..	..	..	..	"	21/- "
In 16-oz. "	..	..	..	..	..	..	"	26/- "

All these bottles are labelled UNIVERSAL SALINE and the Chemist's own name and address are printed on the labels free of charge when not less than 3 dozen are ordered.

LIVER SALINE

This Saline will be found a most reliable and efficacious salt for the Liver, having a fresh and agreeable taste rarely found in a Saline of this nature, being practically free from sugar.

We supply it to the Chemist to sell as his own proprietary, printing his name and address on label and carton free of charge, if not less than three dozen bottles are ordered.

We also endeavour, so far as is practicable, to limit the sale to one or two Chemists, according to the size of district, when orders for certain quantities are placed.

In 8-oz. Square Saline Bottles Price 16/- per dozen, nett.

In 6-oz. Chest Squares, Boxwood Topped
Corks (in blue cartons) Price 14/6 per dozen, nett.

(1/- per dozen less without cartons.)

SUBJECT TO MARKET FLUCTUATIONS.

NOTICE.—The design and wording of this Label are Registered.
A perpetual injunction has been granted in this matter.

BISHOP'S
 GRANULAR EFFERVESCENT
 Registered  Trade Mark
CITRATE OF MAGNESIA

The Effervescent Properties of this light and elegant Preparation are retained in the highest degree, through its granular form, producing a continued sparkling effervescence and preserving the flavour as a palatable Saline Draught.

It is very valuable to Travellers, especially in tropical climates, as its properties are retained for any length of time unimpaired.

DIRECTIONS.—Two tea-spoonfuls or more, put into a tumbler half full of water, and drank during effervescence, will prove a mild but efficient Aperient; while a small tea-spoonful, taken in a wine-glassful of water, will act as a valuable ant-acid cooling draught when feverish. A deliciously cooling and refreshing beverage may also be made by adding to a tumblerful of cold spring water (previously sweetened with sugar) a small quantity of the Citrate.

INTRODUCED AND PREPARED ONLY BY
ALFRED BISHOP LTD. Manufacturing Chemists,
 SPECK'S FIELDS, MILE END NEW TOWN,
 LONDON.

This Bottle should be kept well corked, and in a dry place.

GRANULAR EFFERVESCENT CITRATE OF MAGNESIA

(Originally invented by us in 1857)

1st QUALITY.

Packages are allowed for if returned in good condition.

CITRATE OF MAGNESIA IN POPULAR SIZES.

We beg to call attention to the exceptional value we are offering in 6-oz. and 8-oz. Citrate of Magnesia, and would invite comparison with the "so-called" Citrate of Magnesia put up in common glass bottles so often found on the market. The price we ask for a really good Citrate of Magnesia, supplied in bottles suitable to the most up-to-date pharmacy, is no higher than that of the cheap "so-called" preparations which fail to give satisfaction to either chemist or customer.

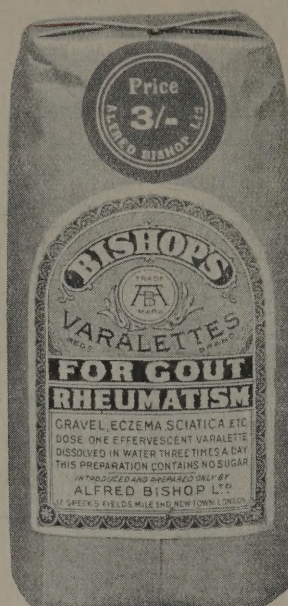

*6-oz. Oval, plain label		per doz. 10/8 nett.
*8-oz. Oval, plain label		per doz. 12/9 nett.

*Supplied fitted with Flat Boxwood Topped Cork and Chemist's own Name and Address printed on the labels free of charge when not less than 3 dozen are ordered. We have a number of varying designs of labels for the above, specimens of which we shall be pleased to submit to customers on request.

SUBJECT TO MARKET FLUCTUATIONS.

VARALETTES

(REGISTERED BRAND.)

All these
Varalettes

are free
from Sugar

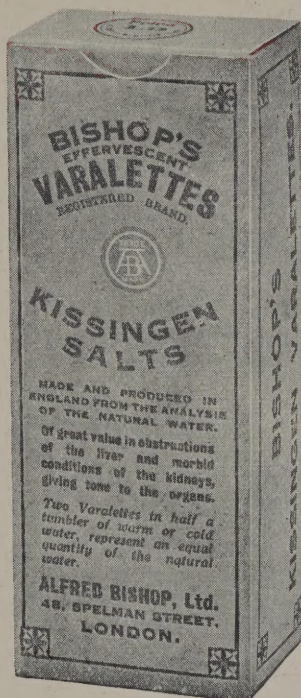

“VARALETTES” is our registered name for EFFERVESCENT Compressed Tablets, of which we have prepared a line embracing such remedies as are most advantageously administered in solution. When dropped into water THEY DISSOLVE RAPIDLY AND COMPLETELY with brisk effervescence, producing a clear and palatable draught. Where frequent administration of a drug is necessary they will prove a great convenience to travellers and others by providing effervescent preparations IN COMPACT AND PORTABLE FORM. A great advantage of the Varalette over the ordinary compressed Tablet is that perfect solution is obtained, thus ensuring the IMMEDIATE AND FULL ACTIVITY of the medicament, as well as ABSOLUTE ACCURACY OF DOSAGE, on which account physicians give them the preference.
